Graduates~ GMC Sunday school is proud to present 4 of our 2019 graduates. They have all been with GMC SS for more than 4 years. We've seen them grow up not only physically but emotionally and spiritually. We're sad to see them leave Sunday School, but are proud to see them begin a new chapter of their life. We thank the parents for their continue support and willingness to bring their children Sunday School every week.

Hello, My name is Jonah and I am 13 years old and I am going to be graduating from Sunday school. I have been going to GMC since we came to Australia, which is about 8 years. Early on I didn't think going to church was important, but later through life I realized how important of how to sustain a good relationship with God, Sunday school taught me how to be better, loving and caring to those around me. I learnt how to be faithful to God and to reach those standards of being a Christian. Throughout the 8 years of going to Sunday school I have met many people, and it's amazing to see this church grow from a shed to a thriving community in our own property. GMC is a place where I feel safe and at home. Without Sunday school I wouldn't be the same person.

Hello, If you don't already know me, my name is Song. I've been in this church since I was 7 and I've had a lot of experiences. Ever since I've joined this church I've been in the Sunday School and I learn new things every day. Some of my fun experiences include: Sunday School camps, Sunday school camps occur every few years and always has a specific topic that the ministry wants you to learn about. Sunday school camps are always fun and have amazing food.

My name is Zoe and I have been going to GMC for 8 years and since I have come to Australia in 2011. This year I am graduating with my brother Jonah. For the past 8 years of going to Sunday School I learned how important it's is to maintain a good relationship with God. Before, I use to not like to read my Bible, but when I started, I enjoyed learning about God. I started to go to church consistently to learn how to depend on God and be more like the people written in the Bible. At Sunday School I learned how to value my Bible and how to take messages out of the scriptures. They shown me that the people you are surrounded by affects the way you grow up. I thank my Mum for letting me have this experience and to thank the teachers at Sunday School for teaching me.

Hi everyone, my name is Zhiyi. I've been coming to GMC Sunday School for about 4 years. I've only starting coming to Sunday school from the end of 2014. I was living in China before that. I've no idea of what a church is during that time. I usually think that church is a waste of time because I have no interest in it when I was small. I was usually forced to come to church by my mum, but it gets interesting as time pass through and I get to know more about God. At the end, it is good to come to church. I've to know many friends here, too.

Farewell for now...

We said farewell to Eunice 姐姐 recently as she found a job in Singapore. She will be there for at least 2 yrs and we can't wait for her to come back to SS. The kids love and adore her.... We miss you, Eunice 姐姐!!

Nicole 姐姐 taught her last SS class at the end of July. She will have a long break from SS, because she's now 8 months pregnant!! Although she only started teaching from May 2018, she has shown great dedication and love to all the kids. We pray for smooth labor and we wish her and her baby the best health. Excited to see her baby in due time!! ^^
